FOR IMMEDIATE RELEASE

## **Crest Audio® Levels Up with New CPL<sup>+</sup>™ Series of Hybrid Loudspeakers**

MERIDIAN, MS — Peavey Commercial Audio® introduces the new Crest Audio CPL<sup>+</sup>™ Series of loudspeakers. Ranging from a single 5-inch coaxial to 15-inch loudspeaker systems, the 14 models complement each other in any combination to serve the needs of the venue and the artist. Crest denotes the CPL<sup>+</sup> series as “Hybrid”, meaning the enclosures are equally suitable for public address, music playback and/or live performance requirements in permanent and live sound applications.

The CPL<sup>+</sup> Series includes as follows: two 2-way coax speakers (CPL 5C<sup>+</sup>, 25C<sup>+</sup>); six full-range 2-way speakers (CPL 6<sup>+</sup>, 26<sup>+</sup>, 8<sup>+</sup>, 10<sup>+</sup>, 12<sup>+</sup>, and 15<sup>+</sup>); two columns (CPL 4L<sup>+</sup>, 8L<sup>+</sup>); two coax wedges (CPL 12CM<sup>+</sup>, 15CM<sup>+</sup>); and two subwoofers (CPL 265B<sup>+</sup>, 15B<sup>+</sup>).

Each unit houses premium speaker components in rugged plywood construction built to stand the test of time.

Some notable features of the CPL<sup>+</sup> Series include:

- Neodymium high-frequency drivers and woofers on select models
- Rotatable horns on select two-way passive speaker models
- Loop-through connectivity
- Tweeter protection on all full-range models
- Dual 4-pin twist-lock connectors plus 4-pin Euroblock connectors (with the exception of wedge models that offer three 4-pin twist locks)

Designed to be attractive yet discreet, the unobtrusive, flyable enclosures of the CPL<sup>+</sup> Series are coated in either a black or white polyurea paint finish. A wide variety of mounting and flying options are available, including multiple eyebolt flying points, U-brackets, Versamount™, special wall mounts, and pole mount adapters.

Offering unique focused coverage patterns and aesthetic designs in a range of size and power ratings, the CPL<sup>+</sup> Series of hybrid loudspeakers are ideal for a variety of settings, from classrooms and meeting facilities, to banquet halls and restaurants/clubs/bars. They're also excellent solutions for wherever spoken-word intelligibility is absolutely essential, including courtrooms, houses of worship, auditoriums and more.
